Description :

PDF-74e43 | American architect Hank Schubart was regarded as a genius for finding the perfect site for a house and for integrating its design into the natural setting, so that his houses appear to be as native to the forest around them as the trees and rocks. Salt Spring Island, one of the Gulf Islands in British Columbia, Canada, offered him a place to create the kind of architecture that responded to its su... *Houses Made of Wood and Light: The Life and Architecture of Hank Schubart (Roger Fullington Series in Architecture)*
