Description :

PDF-3dc79 | The book was written shortly after Armstrong had won the 1999 Tour de France: he went on to win it six further times in successive years, establishing a record. In 1996, he had been diagnosed with testicular cancer, which spread to his lungs, abdomen and brain, and was only given a 40 percent chance of living. This disrupted his career, but his success on his return prompted elements in the media ... *It's Not About The Bike - My Journey Back To Life*
